

Run 2 Assembly

Final assembly instructions for a 95% pre-assembled chair.

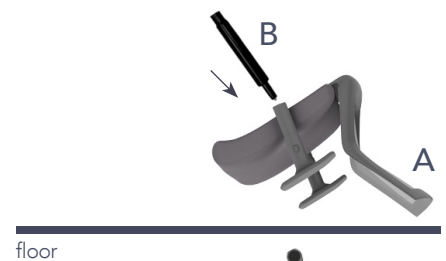

1 Unpack your chair.

Remove all parts from the box & remove all wrapping. Carefully place the top portion of the chair (A) upside down on the floor.

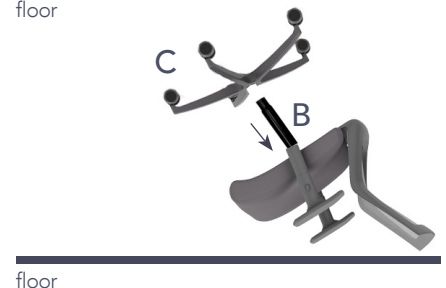

2 Attach gaslift.

Place the small end of the gaslift cylinder (B) into the hole in the center of the mechanism located on the bottom of your chair (A).

3 Attach 5-star base.

Place the 5-star base (C) onto the gaslift cylinder (B).

4 Sit in your chair.

Carefully return your chair to an upright position. Sit down firmly in your chair several times to fully engage the assembled chair.
